A FREE GIFT FOR YOU

Many of our customers are delighted with the extras in the form of over-count and newer kinds that we include for trial; and if you send us the names and addresses of friends that grow 500 or more Glads — well, we just try to outdo ourselves in giving extras.

SHIPMENT

All orders are sold with the understanding that the shipping charges will be paid by the customer. That means F.O.B. Portland, Oregon, except pool car shipments which are prepaid to Chicago, Ill., or Trenton, N.J.

A service charge of 35 cents will be charged on all orders of less than \$3.00, as they cannot be filled and shipped at a profit.

Orders of \$10.00 or more may be sent any time in U.S.A. via Railway Express. Those held for Spring delivery will be shipped as weather permits. Local and Pacific Coast orders may be shipped at any time.

We advise Railway Express shipment rather than freight as congested conditions sometimes cause long delays. Auto freight has proven very satisfactory for Pacific Coast and Texas orders of 100 lbs. or more.

PARCEL POST SHIPMENTS

Parcel Post is not insured against freezing, so should you wish your order sent in this manner (much cheaper than express on orders of 12 lbs. or less) you had better let us keep it until danger of freezing is past — usually March 15th. We will advance the postage and notify you of the amount.

This is a portion of our 60 ft. by 16 ft. exhibit at the Western International Gladiolus Society Show at Yakima, Washington, last summer, which won the coveted sweepstakes trophy illustrated on the mailing cover. **PRIZE-WINNING GLADS** are the only ones that can win this trophy and we make every effort to produce them.

PLEASE NOTICE

Due to the fact our mailing list has grown so large in the past 5 years, beginning next season you will not receive our illustrated list unless we have had an order from you, or a postcard stating you are still interested in our Gladiolus. Of course, the best way to be sure of receiving our list is to send us an order now.

Hand Planted and Harvested

We exercise the greatest care to see that only first quality stock is shipped out; but in keeping with trade customs, we cannot guarantee the growth or productiveness of the bulbs due to the varying soil and climatic conditions.

Our 25 acres of Gladiolus are hand planted, hand harvested, hand cleaned and counted. They are not mutilated and bruised by machinery. This is your assurance of first quality bulbs.

Prompt ordering is advisable, as there seems to be a strong demand for the many real good cut-flower varieties that are listed here in our catalog at such reasonable prices.
